Compact & Maneuverable

Perfect In One Pass[™]

MP2 Mobile Wood Grinder / Colorizer Product Specifications

Perfect In One Pass™

MP2 Mobile Wood Grinder / Colorizer

- Length: 35'
- Width: 8' 3"
- Height: 12'
- Weight: 26,500 lbs.

Power Supply

- 275 HP John Deere 6068
- 275 HP CAT C7 diesel
- 260 HP Cummins QSB 6.7
- 80 gallon fuel capacity
- PT Tech micro processor engaged HTPO - Clutch

Feed System

- 56" W x 18" H infeed clearance
- 56" W x 12' L steel belt infeed conveyor
- 56" W x 32" W power feed roller
- Hydraulic power feed down pressure

Power Application System / Colorizer

- 60 GPM water pump
- SP 10 color pump

Conveyor Discharge

- 48" W with 10' dump height

Trailer (Axles, Hitches)

- 1 - 20,000 lb axle
- Pintle hitch
- Air brakes
- DOT lighting

Options

- Reversible radiator fan
- 12" Magnetic head pulley
- Wireless remote control

The Next Big Thing In Compact Grinders

With the MP2 you get portability without sacrificing performance or durability. You get compact maneuverability without sacrificing the features you'd expect of a larger grinder, like a user-friendly control system that automatically monitors and regulates all critical parameters—and features you wouldn't expect, like a standard on-board colorizer system that lets you grind and color mulch in a single pass. And, most importantly, you get application flexibility without sacrificing finished product control, which means the MP2 can deliver a wide range of high value products from low value materials: colored mulch from tree care waste, animal bedding from pallets, boiler fuel from sorted C&D, and much more.

Ideal for tree services, municipalities, and waste handling facilities, the MP2 tows conveniently with a 2 ton truck and sets up in minutes. Like every Rotochopper grinder, the MP2 allows fast tooth and screen changes and accurate setting adjustments, giving operators control over finished product size and consistency.

The MP2 comes standard with the patented Rotochopper grind and color system for making perfect colored mulch in one pass.

Grind & Color

- Pallets
- Round Wood
- Wood Chips
- Sorted C & D
- Brush
- Slabs
